Location: Fairfield by Marriott
45800 Marketplace Dr
Chesterfield, MI

The PTACC course provides education to nurses who care for pediatric trauma patients. The course will feature modules on the following topics as they relate to pediatric trauma: trauma assessment, shock, abdominal, head and spine, musculoskeletal, thoracic, face/neck/eye, burns, and physical abuse. Rotating skill stations will also be available.

Society of Trauma Nurses is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation. This course has been awarded 8.0 contact hours.
